

charging infrastructure—the single largest federal investment of its kind in history. These investments are necessary, because 43 percent of public roadways are in poor condition, 40 percent of the 600,000 bridges in the United States are at least 50 years old, and more than one-third of all bridges need repairs. In addition, the IIJA includes over \$16 billion for waterway and coastal projects, including \$2.25 billion for the Port Infrastructure Development Program (PIDP), which supports investments in projects to upgrade and modernize ports. Coastal communities like mine in Oregon understand how important these investments are to maintain and expand ports as hubs for commerce, employment, and transportation.

Widespread and dependable public transit systems are necessary to create more equitable communities and reduce carbon emissions. Public transportation provides communities with affordable commuting options that facilitate access to employment, school and daycare, vital health care services, and more. The Department of Transportation reports that nearly half of the total carbon footprint of the typical American family with two cars comes from car transportation. The IIJA provides more than \$39 billion to support public transit, which will help reduce congestion and carbon emissions. This investment is estimated to support repairs for more than 24,000 buses, 5,000 rail cars, and thousands of miles of tracks, all of which will help connect communities and support emissions reductions. The bill also includes \$5 billion for low- and zero-emission buses—including school buses—which will help cut emissions that hurt vulnerable communities and students.

Climate change is increasing the intensity and frequency of severe weather events like the fires, heatwaves, and droughts that the Pacific Northwest has experienced over the last year. We must improve our nation's infrastructure to withstand and protect people and property from these extreme weather events. The IIJA includes \$65 billion for power and grid infrastructure resilience and expansion. This includes funding to support efforts to harden the electric grid against disruptive weather events, as well as funding to promote innovative demonstration projects that will improve grid resilience. The legislation also provides more than \$3 billion for wildfire risk reduction efforts, including funding for firefighting resources, and \$3 billion for the U.S. Forest Service to implement ecosystem restoration projects that can help minimize the spread of wildfires.

Though broadband access has steadily declined for the overall population, Americans who are non-white, less educated, lower income, and residents of rural communities disproportionately have limited broadband access. The 19 million Americans that lack access to consistent, quality broadband, may have greater difficulty realizing certain employment, educational, and social opportunities. To help remedy this disparity, the IIJA invests \$65 billion for broadband investment, including funding for state grants, additional support for rural communities and Tribes, and support to accelerate broadband uptake through digital literacy training.

By making crucial investments in our nation's infrastructure, this bill will create new, good-paying jobs and will help support our nation through the recovery from the COVID-19 pandemic. It represents a significant commit-

ment toward a more connected and resilient nation, and I applaud the House and Senate for passage of this historic legislation.

RECOGNIZING THE 50TH ANNIVERSARY OF CORNERSTONES

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. CONNOLLY. Madam Speaker, I rise to recognize the 50th Anniversary of Cornerstones.

Established in 1970 to address the need for affordable housing, Cornerstones has grown to become a significant human services provider and advocate for those struggling to make ends meet in Northern Virginia. Over the years, Cornerstones' scope of programs and number of clients has continued to grow. Cornerstones has expanded to cover most of northwestern Fairfax County and has been able to help more than 16,000 neighbors each year who need housing, childcare, food, or financial assistance.

Cornerstones promotes self-sufficiency by providing support and advocacy for those in need of food, shelter, affordable housing, quality childcare, and other human services. The wrap-around services—provided by Cornerstones not only addresses the immediate needs of their clients, but also help provide the support needed for individuals and families to break the cycle of poverty or homelessness and begin their journey to independence and self-sufficiency. Cornerstones continues to envision a community that values all people and shares resources and services to empower those in need.

Throughout the COVID-19 pandemic, Cornerstones has continued to provide vital services and programs to the most vulnerable in our community that have been hit hard by COVID-19. With adjustments to in-person services to engage people safely, and a new focus on virtual programs, Cornerstones has been able to continue making a positive impact.

There were drastic increases in the number of individuals and families seeking assistance from the Cornerstones' Food Pantry, as well as their other services such as their youth programs, community and neighborhood resources, and housing counseling programs. Cornerstones was able to rise to the challenge and meet the demand with their dedicated staff and volunteers.

Cornerstones emphasizes the importance of stability, empowerment, and hope through their work in Fairfax County. Their commitment and resilience throughout the past 50 years, and especially throughout the pandemic, serves as a beacon of inspiration for our county as we continue to work to address the systemic inequities and barriers that exist for so many.

Madam Speaker, I ask my colleagues to join me in congratulating Cornerstones for their 50th anniversary, and I sincerely thank their employees and volunteers who give their time and energy on behalf of our community. Their efforts provide immeasurable benefits to their fellow neighbors and serve as a reminder of why Fairfax County remains such a great place to live, work, and raise a family.

IN SUPPORT OF H.R. 3684, THE INFRASTRUCTURE INVESTMENT AND JOBS ACT

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. DANNY K. DAVIS of Illinois. Madam Speaker, today I cast my vote in support of this once-in-a-generation bipartisan infrastructure bill. While the bill does not contain as many resources as I feel are needed nor is it as robust as initially envisioned, the legislation makes a momentous investment in infrastructure that Chicago and our nation desperately need.

Chicago needs the largest federal investment in public transit ever.

Chicago needs the largest investment in passenger rail since the creation of Amtrak.

Chicago needs to improve its bridges, highways, and schools.

Our neighborhoods need clean drinking water, our lead pipes need replacing, and our wastewater infrastructure requires substantial improvements. Parents should know that the water they're kids are drinking is safe from lead leaching out of old pipes or contaminated brownfields.

Chicago needs the good paying jobs—union jobs—with an expected 2 million jobs per year with critical labor protections, buy America provisions to support manufacturing here at home, and jobs in the growing clean energy industry.

Chicago needs the historic investment in highspeed internet to every American household to erase the digital divide and improve equity in technology access. Students, workers, and seniors on the West Side of Chicago shouldn't be locked out of education, applying for jobs, and accessing services by limited internet.

Chicago needs the cleaner environment that comes with electric buses and renewable energy. African American children experience higher rates of asthma, and diesel air pollution hurt our communities.

This legislation advances economic and public health opportunities for people of color. The effects of decades of disinvestment have fallen hardest on communities of color. Through substantial investments in good-paying jobs, affordable high-speed internet, public transportation, safe drinking water, and modern bridges and roads, this bill works to improve racial and economic equity.

I wholeheartedly support the Infrastructure Investment and Jobs Act because doing so guarantees tens of millions of dollars and thousands of jobs for Illinois, helping revitalize my community and communities across the country.

RECOGNIZING THE FIRST BAPTIST CHURCH OF MERRIFIELD FOR THEIR 150TH ANNIVERSARY

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. CONNOLLY. Madam Speaker, I rise to recognize the First Baptist Church of Merrifield

(FBCM) on the occasion of the 150th anniversary of its sanctuary.

First Baptist Church of Merrifield was started in a log cabin between 1871–1872. FBCM had then branched out and began worshipping on property owned by Mr. Robert Bradley of Merrifield. In 1891, the property was purchased from him by church Trustees: John E. Coates, Joshua Ball, and Joshua Pearson for the sum of five dollars. And quickly, FBCM was a church formed from strong community family ties.

First Baptist Church of Merrifield was unable to adequately celebrate their 150th “Sesquicentennial” Homecoming Anniversary in 2020 due to the challenges of COVID–19. This year’s celebration is significant as the spirit of last year is incorporated with the excitement of reaching 151 years. First Baptist Church of Merrifield remains a vital part of the community today partnering with their neighbors both before and during COVID–19. They hosted the Greater Merrifield Business Association Annual Fall Festival in 2018, and virtual Sunday Services and Bible Studies continued to be held each week. They also organized First Baptist Church of Merrifield Community Festivals held in 2018 and 2019, that included free food giveaways, gift card give-away, seminars on anxiety and grief, free tutoring, and mentorship sessions with local schools within the community (Luther Jackson Middle School, Timber Lane Elementary School, Annandale High School) as well as other outreach efforts.

In 151 years, there have been 13 pastors and 2 interim pastors. Each one contributing to the growth of FBCM in their own way. A few of those contributions include: the establishment of the Golden Ages Senior Saints Ministry, the Merrifield Child Development Center, the Recovery of the Historic Bell, creation of a youth mentoring program with Luther Jackson Middle School, tutoring outreach with Luther Jackson Middle School, Timber Lane Elementary School, and Annandale High School, and much more. FBCM truly leads by both faith and example in our community.

Madam Speaker, I ask my colleagues to join me in commending First Baptist Church of Merrifield for its efforts to better the Northern Virginia region and in congratulating them on the occasion of this anniversary. It is a privilege to work alongside this great congregation in the community, and I wish them continued success through faith, family, and service.

HONORING THE 50TH ANNIVERSARY OF MERCED COLLEGE’S LOS BANOS CAMPUS

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. COSTA. Madam Speaker, I rise today to honor Merced College’s Los Banos Campus on its 50th anniversary. This phenomenal educational institution has been providing the students of Los Banos and the Central Valley with a high-quality educational institution for 50 years.

In 1971, Merced College President Lowell Barker alongside founding Dean Ted McVey decided to begin providing full-time education services to student in a rented facility. From there, the campus eventually moved to a plot

of 10 acres of land donated by resident Richard Menezes in 1982.

They began the process of setting up their new permanent campus after a land donation from Larry and Georgeann Anderson in 2002. Finally, in 2007, the current Los Banos Campus opened its doors for its students, and has continued to provide a wide range of courses to assist students in their path towards a degree or transfer.

The Los Banos Campus also provides a great selection of career technical education courses that, in as little as six months, can prepare students to enter directly into the workforce. In addition to this, the campus continues to expand its use and implementation of various technological resources for its students to ensure they are set up for success.

For the students of Los Banos, this educational institution serves a vital role in providing robust opportunities, while ensuring that these individuals can have access to these experiences right in their own hometown, thus reducing significant barriers to their success.

Madam Speaker, I ask my colleagues to join me in honoring Merced College’s Los Banos Campus on its 50th anniversary. Its service and contributions to the State of California and the San Joaquin Valley will always be celebrated.

RECOGNIZING THE RECIPIENTS OF THE GLOBAL ORGANIZATION OF PEOPLE OF INDIAN ORIGIN AWARDS OF EXCELLENCE

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. CONNOLLY. Madam Speaker, I rise to recognize the Global Organization of People of Indian Origin (GOPIO) and to congratulate the recipients of its Annual Awards of Excellence. Founded in 1989, the mission of GOPIO is battling human rights violations committed against persons of Indian origin. Today, while that mission continues, GOPIO has also broadened its mission to include bringing together persons of Indian origin for the benefit of not only themselves and their Indian homeland, but also the communities in which they currently reside.

Indian-Americans have made countless contributions to the United States in the fields of business, education, medicine, science, technology, and public service while preserving and sharing their culture in a manner that promotes tolerance and mutual understanding.

Many of our awardees have been at the forefront of those efforts. It is my honor to include in the RECORD the names of the following individuals:

Dr. V.K. Raju—Medicine
Dr. Vikram Raya—Entrepreneurship
Dr. Korok Ray—Innovation & Research
Dr. Ram Gupta—Education
Professor Indrajit S. Saluja—Journalism
Nilima Mehra—Media Journalism
Vinita Tiwari—Arts & Culture Poet, Singer & Dancer
Janetha R. Kancharla—Philanthropy & Advocacy

Northern Virginia, which I am proud to represent in Congress, is blessed by its diversity. We are home to more than 40,000 people of

Indian descent as well as Indian-American owned small businesses. This diversity enriches our entire community and contributes to our region being considered one of the best places in the country in which to live, work, raise a family, and start a business.

Madam Speaker, I ask my colleagues to join me in congratulating all of the recipients of the GOPIO Awards of Excellence on their accomplishments. I commend them for their service to their communities and to our Nation, and I wish them success in all their future endeavors.

PROTECT VOTING RIGHTS

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Ms. LEE of California. Madam Speaker, I thank Speaker PELOSI, Leader HOYER, Whip CLYBURN, Chairman NADLER, and all my distinguished colleagues for their work to ensure the House passed legislation to protect voting rights. It is time for the Senate to do the same.

We have seen an uptick in voter suppression efforts across our nation to undercut the representation of communities of color, specifically African Americans. With historic levels of voter turnout in recent elections, our Republican colleagues have interpreted this increased participation in civic life as a threat and campaigned to disenfranchise Black voters under the guise of protecting against “voter fraud.”

Sadly, voter suppression efforts are not new to African American communities. I remember growing up in El Paso, Texas when the poll tax was still being collected. We have endured decades of abuse by political parties and election officials seeking to deny us our constitutional right to vote. Therefore, it is urgent that the Senate pass The John Lewis Voting Rights Advancement Act. This critical legislation would restore Section 5 and Section 2 of the Voting Rights Act, which prohibits racially discriminatory changes to the voting process and restrictions to the right to vote.

Lastly, I’d just like to say that the world is watching us. As Chair of the House Appropriations Subcommittee on State, Foreign Operations and having served as an election observer in other countries, I know the importance of a free and fair election and how it strengthens a democracy. Across the country we are witnessing a coordinated assault on the integrity of our electoral process. We need to live up to our own ideals to stand as an example for other countries to follow.

The Senate must pass the John Lewis Voting Rights Advancement Act. It will strengthen our democracy and give us the tools to fight voter suppression.

RECOGNIZING THE RECIPIENTS OF THE 10TH ANNUAL ARTSFAIRFAX AWARDS

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 5, 2021

Mr. CONNOLLY. Madam Speaker, I rise to recognize ArtsFairfax and the recipients of the
